

Lafayette County  
Fall Cover Crop Demonstration Plots- Fall 2021

Planting dates: 8-20-2021 and 9-3-2021

Pounds of seed per Acre

% of seed for plot

96#

Mustard- 10#  
Crimson clover- 10#  
Purple top turnip- 2#  
Annual ryegrass- 10#  
Rye- 32#  
Black oat- 32#

10% Mustard  
10% Crimson clover  
2% Purple top turnip  
10% Annual ryegrass  
34% Rye  
34% Black oat

127#

Tillage radish- 3#  
Hairy vetch- 20#  
Annual ryegrass- 10#  
Winter pea- 30#  
Rye- 32#  
Black oat- 32#

2% Tillage radish  
16% Hairy vetch  
8% Annual ryegrass  
24% Winter pea  
25% Rye  
25% Black oat

67#

Mustard- 10#  
Purple top turnip- 2#  
Tillage radish- 3#  
Crimson clover- 10#  
Annual ryegrass- 10#  
Black oat- 32#

15% Mustard  
3% Purple Top turnip  
4% Tillage radish  
15% Crimson clover  
15% Annual ryegrass  
48% Black oat

154#

Crimson clover- 10#  
Hairy vetch- 20#  
Lentil- 30#  
Rye- 32#  
Winter pea- 30#  
Black oat- 32#

6% Crimson clover  
12% Hairy vetch  
20% Lentil  
21% Rye  
20% Winter pea  
21% Black oat

Demonstration Goals:

- 1) measure the quantity of biomass produced
- 2) rate cover crop termination
